TOP SECRET DOCUMENT

Subject: Project Omega Overview

1. Executive Summary

Project Omega represents our entry into the quantum computing market. Speed is of the essence.

2. Naming Conventions

The marketing team has proposed several names, but Engineering has locked the internal codes.

The codename for the new secret prototype is Eagle.

Use this name in all encrypted correspondence.

3. Timeline

- Phase 1 (Research): Completed Jan 2024.

- Phase 2 (Development): Ongoing until June 2024.

- Phase 3 (Launch): Scheduled for Q4 2024.

4. Budget

The total allocated budget is $50M.

$20M is reserved for hardware procurement.

$30M is reserved for talent acquisition.

5. Risk Factors

- Supply Chain: Chip shortages may delay the motherboard assembly.

- Security: Potential leaks to competitors.

6. Contact

For any security breaches, contact the CISO immediately at extension 9999.
